Find My Homie

BRAND KIT / CURRENT WEBSITE / 20 OCTOBER 2026

A practical snapshot of the live website, not a new brand direction.

• homie

Rooms are easy. People are the hard part.

Exact homepage headline. People before property.

homie

Existing logo JPG · 800 × 800
Wordmark only · not transparent

01 / Colour

Chilli #AA0003	Cream #FCF7F0	Inkwell #2C1B14	Mocha #6B4A48
Headlines / primary actions	Page background	Base text	Body copy

Honey #E8B23C	Olive #6F9A5E	Slate blue #5A94C4	White #FFFFFF
Supporting accent	Supporting accent	Supporting accent	Card token

Exact CSS tokens. The homepage entry cards render in #FFFCF6. Accent roles describe the site; no formal usage ratios are verified.

02 / Type & shape

Poppins SemiBold

Inter: warm, clear, easy to read.

Headlines: Poppins 600. Header wordmark: Poppins 700. Body and navigation: Inter 400-500.

Generous space, pill buttons and 24 px entry-card corners. Homepage H1: 81.92 px at the checked 1280 px viewport; not a fixed size for every screen.

03 / Voice

Direct, human and specific about living together. Dry humour comes from recognisable flatmate habits.

"the one who does dishes at 2am"

"the one who never signs for parcels"

Exact homepage examples. Short action labels: "Find my homie" and "List a room".

04 / Mark & working rules

The live header uses a 9 px chilli dot, an 8 px gap and lowercase "homie" in 21 px Poppins Bold. The saved JPG is a separate wordmark-only asset. Keep that asset intact rather than recreating it from website text.

Unverified: approved clear space, minimum logo size, standalone symbol, SVG / transparent exports and formal logo lockups. These are not specified by the live site.

Live website · Website CSS · Brand Identity draft · homie-brand-system

Drive contains earlier directions with different fonts and palettes. They are not merged here; approval of those alternatives has not been verified. Source links retain their existing access.

Checked 20 October 2026. No brand originals were changed.
